Subject: Introduction of Prithvi Hangarge Institute of Technology – Internship & Training Provider

To,

The Respected Principal / Dean / Training & Placement Officer,

We are pleased to introduce Prithvi Hangarge Institute of Technology, a Unit of HAB GROUP, Bengaluru, having its registered office at No. 44, APMC Market Yard, Kamalnagar, Tq: Kamalnagar, Dist: Bidar – 585 417, Karnataka. The institute has been actively serving the engineering education sector since 2014, with a strong commitment to bridging the gap between academic learning and industry requirements.

Over the years, the institute has successfully trained a significant number of engineering students through practical, industry-oriented, module-based training programs across various engineering domains. Our approach emphasizes hands-on learning, real-time project exposure, and structured site visits to both ongoing and completed projects — equipping students with the skills and confidence required by today's industry.

We are proud to offer a **13-Module VTU Internship Program** designed to provide structured and comprehensive training. The program is focused on hands-on training (some modules are still awaiting approval from VTU), real-time project exposure, and structured site visits to both ongoing and completed projects. This program helps bridge the gap between academic learning and industry requirements by providing strong practical engineering experience and skill development. The program is structured to meet VTU internship guidelines and includes:

- ✓ Hands-on practical training across 13 engineering modules
- ✓ Structured site visits to ongoing and completed real-world projects
- ✓ Real-time project exposure and industry interaction
- ✓ Strong focus on skill development and professional readiness

The 13 Internship Modules are as follows:

1. AI-Powered Knowledge Management System (KMS)
2. Architectural & Civil Engineering — Site Supervision Internship Program
3. Front-end Development Internship Syllabus – Practical Training Program for Engineering Students
4. MEP Engineering Internship Program — Syllabus
5. Oil & Gas Mechanical Stream | Internship Training Syllabus
6. Organizational Transformation – A Knowledge Management Approach
7. QMS – ISO 9001:2015 & Related Standards | Industry Specialist Perspective Graduate & Post-Graduate Internship Syllabus
8. School Management System Implementation in Rural Government Schools
9. Software Development Testing | Internship Training Syllabus
10. Technology In Engineering Building Services | Infrastructure | Oil & Gas | Industrial Projects
11. Internship Program Third Party Inspection (TPI) & Quality Assurance (QA)
12. Vendor Technical Assessment & Audit Practices
13. Welding Procedures & Welder Qualification

HAB Group Bengaluru, the parent organization, is a well-established contractor in Mechanical, Civil, and MEP domains, having successfully executed projects for prestigious clients including Hindustan Aeronautics Limited (HAL), BEML Limited, KIOCL Limited, Central Ground Water Board, and Central University of Karnataka, among others. This strong industry background enables our institute to provide students with authentic and valuable field exposure.

Detailed VTU26 Internship day-wise reports, upcoming VTU Internship syllabus & our introduction are available in the Google Drive links below for your reference and for the next batch VTU internship for your college students:

We sincerely look forward to collaborating with your esteemed institution to provide quality internship and training opportunities to your students. We assure you of our full cooperation and commitment in making this association mutually beneficial and academically enriching.

Thanking you,

Yours faithfully,

For Prithvi Hangarge Institute of Technology
